What is it?

Together with the local group "Multicultural Exchange with Everyone in Koto" let's experience the Takidashi event. Let's taste some food (vegetarian & halal friendly) that people from different countries and cultures can eat. It is safe for children to eat too. Together let's think how to deal with disasters.

Although we have been careful about hygiene and cleanliness while preparing the food, if you are sensitive to any food or have any allergies, please be careful.

Let's eat the SendaiFu and mushroom curry

SendaiFu is a traditional Japanese food made from wheat flour.
